Investigation into tariff providing unbundled local switching
with shared transport

**Application for Rehearing filed on August 9, 2002 on
behalf of Ameritech Illinois.**

RECOMMENDATION: Deny Application for Rehearing.

On July 10, 2002, the Commission entered an Order resolving numerous issues relating to a tariff filing made by Ameritech implementing unbundled local switching with shared transport ("ULS-ST"). On August 9, 2002, Ameritech filed a Petition for Rehearing. I have reviewed the Petition and find that it raises no new factual or legal issues that were not raised during the evidentiary portion of this docket. Accordingly I recommend that the Petition be denied.
